### Summary

---

Published : Jun 18, 2025

### Description

---

ArchWell Health is a national primary care provider focused exclusively on adults aged 60 and over, delivering highly personalized, compassionate care through neighborhood clinics designed to feel like part of a wellness-focused community.

Members benefit from longer doctor visits, same-day and telehealth appointments, on-site lab testing, preventive screenings, nutrition education, referrals to social workers and specialists, transportation support, and a cohesive care team—all aimed at helping seniors stay healthy, active, and engaged.
